Physical state	Liquid
Colour	Amber
Odour	Solvent smell
Solubility in water	Soluble

Packaging size

Epochem Engine cleaner is packaged in 5L, 25L, 200L

Note: Other factors may influence the actual useful life of product such as handling and storage conditions. As products are superseded by upgraded products or changed formulations and older products will no longer have the same performance level or be compatible with latest technology being introduced into equipment

it is therefore the responsibility of the purchaser of the product to ensure proper storage conditions, stock rotation and timely usage to prevent products from being unsuitable for use
